Attention Youth

Would you be interested in participating in a Traditional Knowledge Collection project?

With the assistance received from Ontario Arts Council, The Red Rock Indian Band is taking on a traditional knowledge collection project.

We are seeking 2 interested Youth between the age 12 - 25 to take part in the collection and documentation of cultural knowledge, stories, and history of our area to be displayed at the Chalet Lodge as interpretive panels.

We want to preserve our traditional knowledge and history and be able to share it with generations to come. Youth will be interviewing our Elders and knowledge keepers that agree to participate in the project. They will also take part in researching activities, photography, and designing the panels.

Topics may include: History of the Chalet Lodge; traditional medicines that grow in this area; the 7 Grandfather teachings; old pictures of the area; etc. Youth will receive remuneration for their participation in this culturally important project.

Project will start in January 2019.
