and return to 320 cms at the very end of the day Aug 24. The
application of lampricide is planned for the period August 23 - 24.**

ONTARIO GAS CARD

In place of the Ontario Gas Card, the Ministry of Finance is proposing to accept the following as proof of entitlement for the tax exemption:

- First Nation individuals would use a Certificate of Indian Status, or Secure Certificate of Indian Status Cards, more commonly referred to as 'Status Cards.' This document is issued by Indigenous and Northern Affairs Canada (INAC) to a person registered as an Indian under the provisions of the Indian Act. A Temporary Confirmation of Registration Document could also be used, which is an official document issued by INAC while an individual awaits their Status Card.
- Certificate of Indian Status (CIS) – the red/orange laminate card
- Secure Certificate of Indian Status (SCIS) – the white holographic card
- Temporary Confirmation of Registration Document (TCRD) – piece of paper from ISC

The Secure Certificate of Indian Status (SCIS) is not an all-in-one. All that is needed is either one of these documents which has your 10-digit registration number to purchase gas beginning January 1, 2020.

I hope this answers any questions about what card is needed next year for gas tax exemption.
