

RRIB Community Notice

Skilled Workforce, Student Registry & Elders Listing

Greenstone Transmission Line Project

We Want to Hear from You!

RRIB is creating a directory of Elders, Skilled Workers and Post-Secondary Students to support upcoming opportunities related to the Greenstone Transmission Line Project. This registry will help ensure RRIB Members and Community Members are prioritized for work as the environmental assessment and construction progresses over the next few years. The Environmental Assessment phase is expected to begin within the 3-6 months which a field technician position may be available. Construction is expected to start in 2-3 years, and we want to be ready!

We Are Seeking Individuals With Skills In:

-  Powerline technician training
-  Electrical trades
-  Heavy equipment operation
-  Equipment maintenance & mechanical trades
-  Field Technician
-  Community Coordinators/Indigenous Liaisons
-  Environmental monitoring
-  Forestry, brushing & vegetation management
-  Surveying & geomatics
-  Health & safety (OHS, First Aid, WHMIS)
-  Construction labour & site support
-  Truck drivers (AZ/DZ)

 Any related certifications or trade tickets

 Cultural Awareness Trainers/Cultural Teachings etc.

Post-Secondary Students (currently in school)
